DESIGN EXPERIENCE

School Porject | Design an e-commerce company website Sept - Dec. 2018

- Worked in a team of two.
- Responsible for the graphic design and website design.
Also responsible for the stylesheet of the website.
- I learned how to shape a brand from scratch and how to fit that branding in every single page. I also learned some new HTML/CSS coding such as flexbox.

School Porject | Design a app prototype for MLGB-Esport Club Jan - Apr. 2018

- Worked in a team of four.
- Responsible for the visual design of every week slides, final App interface design and final prototyping.
- I learned how to design a product for target clients through researching and observing the problems, proposing practicable solutions and finally make the final outcome.

Internship | A NGO in Beijing China May - Jul. 2016

- Responsible for refine the logo, banner and poster design for the organization.
- Responsible for posting articles on social medias.
- Designed a creative poster about a festival for an operation in order to attract more people to participate.

Internship | Sinosoft Company Ltd. Beijing May - Aug. 2018

- Responsible for the interface design of early education machine.
- Designed a basic concept for a smart speaker for 3-6years old children.

EDUCATION

Simon Fraser University Sept. 2014 - Present

Bachelor of Interactive Arts and Technology (B.A.)

The School of Interactive Arts and Technology(SIAT) is a unique program that combines design and technology and allows students to do hands-on projects through various forms of design, media and technology.
